

7th East Asia Symposium on Technology
of Welding and Joining

7th EAST-WJ

Advanced Welding and Joining of Light Metals

Zhejiang Hotel, Hangzhou, China
October 30th –November 1st, 2017

Organized by:

Chinese Welding Society (CWS)

Korean Welding and Joining Society (KWJS)

Sponsored by:

State Key Laboratory of Advanced Welding & Joining

Symposium Background

The history of EAST-WJ can be traced back to 2011 in Shanghai, when Chinese Welding Society (CWS), Korean Welding and Joining Society (KWJS) and Japan Welding Society (JWS) worked together to initiate the Symposium. Since then on, the three Societies have hosted it for six times every year in Shanghai, Nara, Busan, Xi'an, Sapporo, and Incheon.

This Symposium is a complete success. Through this platform, state-of-the-art welding and joining technologies have been exchanged, co-operations have been explored, and friendship among the professionals and experts of the three countries has been resumed and strengthened.

Hangzhou is a new start for this event. From this year on, the EAST-WJ with the aim of promoting the advanced welding and joining technologies in Asia will be open to all Asian countries instead of the former limited number of participants from Japan, Korea and China. It will be held twice a year in China and Korea in alternation.

Potential authors, experts and delegates of all Asian countries are warmly welcomed to participate in this event.

It is believed that the Symposium will be fruitful, not only for the academic gains, the visual feast of the beautiful natural scenery and places of historic interest in Hangzhou will be definitely impressive.

Organizing Committee:

Chairman:

Prof. Qiang Chen

President of CWS, Tsinghua University

Vice Chairman:

Prof. Juyoung Park

President of KWJS, Korea Maritime and Ocean University

Secretary General:

Prof. Xiaoyan Li

Vice Secretary General of CWS, Beijing University of Technology

Vice Secretary General:

Prof. Jaewoong Kim

Vice President of KWJS, Yeungnam University

Symposium Secretariat:

Ms. Caiyan Huang

Secretary of CWS

Call for Papers

Theme:

Advanced Welding and Joining of Light Metals

Topics:

- Additive Manufacturing of Light Metals;
- Strength, Stress, Distortion and Life Prediction of Light Metal Welded Structures;
- Simulations of Welding and Joining of Light Metals.

Submission of abstract:

An extended abstract of one page A4 format must be prepared in English. Full paper is welcome but not requested.

Please note that only oral presentation is accepted and there will be no posters.

Deadline of Submission:

Please submit your abstract to cws86322012@126.com by Sep.10th, 2017.

Tentative Programme

Oct.30th, 2017/Mon.:

Registration & Welcome Reception

Oct. 31st, 2017/Tue.:

Morning : Opening Ceremony & Plenary Lectures

Afternoon: Technical Sessions (Session A, B & C)

Evening: Banquet

Nov.1st, 2017/Wed.:

Sightseeing Tour

Registration

Registration Fee: 1000 Yuan per delegate.

Registration fee must be paid on site by cash or credit card.

Way of registration will be launched in Circular No.2

**Should you have any questions,
please feel free to contact us:**
