ANNOUNCEMENT

# International Rotating Equipment Conference

The forum offers a unique opportunity to users of rotating equipment (pumps and compressors and vacuum technology). End users, plant manufacturers, manufacturers, suppliers and scientists are enabled to meet experts out of the relevant branches at a high density for discussion or expert talk.

- approximately 125 presentations in parallel sessions
- special training seminars prior to the conference to enhance the technical understanding of a specific topic on pumps or compressors (to be announced).
- accompanying technical exhibition of about 800 sqm.
